About VTEC Global:

The 2nd Annual VTEC Global event will be held at the Lone Star College, Houston, USA and builds on the success of the inaugural VTEC event held at SAIT Polytechnic in Calgary, March 2013.

The event highlights solutions to challenges facing the provision of vocational education and technician training for the global oil and gas industry, with a particular look at the Americas region.

Through the unique VTEC “**Learning Arena**” exhibition you will have the opportunity to meet with 50+ exhibitors, and participate in the 20 interactive discussion sessions.

Event themes:

- **Developing Talent Pools in new Shale Gas regions** - Meeting the vast demand for the technical workforce in US Shale
- **Extra Heavy Oil and Oil Sands** – The unique challenges of HSE and competency development in Canadian and Venezuelan extra heavy oil
- **Drilling Technicians** – how drilling contractors can maximize the efficiency of workplace training for technicians
- **Operators and Technicians for the refining industry** – Navigating competency requirements and supply gaps for downstream technicians
- **Distance, Fast-Track, and E-learning** – comparing and contrasting what has worked and what has not
- **Country focus sessions** – Addressing the major challenges faced in widening local, work-ready, technical & operational talent pools in Venezuela, Argentina, Colombia, Mexico, Brazil and Trinidad

Who will be there:

With over 300 attendees from 20 different countries from across the world, you will meet experts from throughout global Oil, Gas, Education and Training:

- Oil and Gas Asset Operators
- E&P Companies
- Government representatives
- Community Colleges and Polytechnics
- Drilling Contractors
- Field Service Companies
- Private Training Providers
- Standards Bodies
- Equipment
